

Pre-Course Module (E-learning)

From pre to perioxigenation (Bibliography reading)	Milagros Garcia
Review of Difficult Airway Guidelines (Bibliography reading)	Helena Salgado, Ana Isabel Pereira

Day 1 - 20th May

08:00 - 08:15	Reception	Faculty	
08:15 - 08:45	Course preparation and Q&A from elearning module	Faculty	
08:45 - 09:25	Awake videolaryngoscopy	Faculty	
09:30 - 13:30	4 Stations in rotation - Group 5 - 8 Plan A: Alternatives to 1st failed intubation Plan A: Laryngoscopes, Videolaryngoscopes Plan B: Supraglottic airway devices and intubation Plan C: Oxygenation and ventilation	4 Station in rotation - Group 1 - 4 Flexible bronchoscopy I - oral and nasal Flexible bronchoscopy II - intubation through supraglottic airway devices Flexible bronchoscopy III - lung exclusion techniques Plan D: Emergency front of neck access (eFONA)	Faculty
11:20 - 11:35	Coffee-break		
13:30 - 14:25	Lunch		
14:30 - 18:30	4 Station in rotation - Group 5 - 8 Flexible bronchoscopy I - oral and nasal Flexible bronchoscopy II - intubation through supraglottic airway devices Flexible bronchoscopy III - lung exclusion techniques Plan D: Emergency front of neck access (eFONA)	4 Station in rotation - Group 1 - 4 Plan A: Alternatives to 1st failed intubation Plan A: Laryngoscopes, Videolaryngoscopes Plan B: Supraglottic airway devices and Intubation Plan C: Oxygenation and ventilation	Faculty
16:20 - 16:35	Coffee-break		

Day 2 - 21st May

08:30 - 09:00	Extubation techniques in difficult airway patients	Patricia Santos	
09:00 - 09:40	Artificial Intelligence in Airway Management: From Prediction to Practice	Faculty	
09:45 - 13:30	Simulation - Group 1 - 4 Simulation LAB - High fidelity simulation with difficult airway scenarios	3 Stations in animal LAB - Group 5 - 8 Flexible bronchoscopy Percutaneous Tracheostomy Cryothyrotomy	Faculty
10:30 - 12:00	Coffee-break		
13:20 - 14:10	Lunch		
14:15 - 18:00	3 Stations in animal LAB - Group 1 - 4 Flexible bronchoscopy Percutaneous Tracheostomy Cryothyrotomy	Simulation - Group 5 - 8 Simulation LAB - High fidelity simulation with difficult airway scenarios	Faculty
16:00 - 16:30	Coffee-break		

Day 3 - 22nd May

08:30 - 12:20	Simulation of the difficult airway - Group 1 - 4 Airway Ultrasound - Group 1 - 4 The airway of the tracheostomized patient - Group 1 - 8	Faculty Milagros García
10:15 - 10:30	Coffee-break	
12:20 - 13:30	Lunch	
13:35 - 17:25	Simulation of the difficult airway - Group 5 - 8 Airway Ultrasound - Group 5 - 8 Challenging Clinical Cases - Group 1 - 8	Faculty Faculty
17:25 - 18:30	Participants evaluation and Course evaluation. Course closure	Faculty
